

Presentations and Reports Published on Biocar® and TopFilm™

1. "Overview and Future Direction of Biological Control Technology" by A. Confrancesco, Jr., Journal of Aquatic Plant Management 36:49-53 (1998).
2. "Biological Control of Hydrilla Using an Endemic Fungal Pathogen" by J.F. Shearer, Journal of Aquatic Plant Management 36: 54-56 (1998).
3. "Utilization of Plant Pathogens as Biological Control Agents" by J.F. Shearer at National Aquatic Plant Management Society Meeting, (1999).
4. "New Delivery Technology for Enhancement of Herbicides: Adjuvant Study" by L. Marshall and R. Lowe, National Aquatic Plant Management Society Meeting (2002).
5. "TopFilm™: Adjuvant for Rainfastness" by L. Marshall and R. Lowe, MidSouth Aquatic Plant Management Society Meeting (2002).
6. "Review of Adjuvant Technology" by L. Marshall, University of Florida Short Course in Aquatic Weed Management (2003).
7. "Fungicide Adjuvants and Impact on Efficacy" by L. Marshall, National Meeting of American Phytopathology Society (APS) (2003).
8. "Broadcast Applications to Control Georgia Cane (*Arundo donax*)" by Texas Department of Transportation, 2003 Annual Report (2004) (Page 16).
9. "Aquatic Adjuvants and Their Impact on Efficacy" by L. Marshall and R. Lowe, 21st Annual Meeting Alabama Fisheries Association (2004).
