

FERTIGLU™

Organic Fertilizer Biostimulant

Biosorb® FertiGlu™ is an organic certified fertilizer biostimulant made from Biocar® cereal grain materials, US Patent # 5,888,500, providing micronutrients with natural sticker properties for use in foliar spray applications on fruit, vegetables, turf, soils and other vegetation.

Key Features: Organic Certified ● Compliments fertilizer practices ● Used with chemical and biological crop protection materials ● Not surfactant (soap) based ● Helps reduce crop stress when applying fertilizers and nutrients ● Rainfastness/Weatherability, minimizes run-off.

Directions: Shake well. Add 0.5 to 1.0 tsp of FertiGlu™ per 1 gallon of water while agitating.

Caution: Keep out of reach of children.
